

**We are hooked,
BUT more
importantly so
 are *you!***

GOSSIP CORNER: Last month saw Rach give birth to her beautiful baby girl and before long it will be Christy's turn. We are betting on a boy! Congratulations to Rachel & Joel. The good news for Rachel's clients is that in the not too distant future she will return! Hooray!

This month we concentrate on skin renewal and what better way to start than with some non-surgical face lifting specials. The results that many of you have received from your Solitone treatments have been little short of amazing and it is a real buzz for us as therapists to see not only the physical changes to your skin but the very real surprise, happiness and smiles on your faces when you have your first treatment and then as you progress through your course. We are extremely lucky to have the ONLY Solitone 2500 machine in Tasmania. Our aim is that all our clients get to take advantage of this type of technology to literally wipe off a few years! And for those of you that make the most of this months Solitone Specials, the chance to win FREE Solitone treatments for a year valued at \$2280. Good luck!

Tracey and The Team at Absolute Beauty.

If you are spending too much time close up to the bathroom mirror studying the lines around your eyes or mouth, then YOU need to read on!

Using technology developed by NASA and unlike anything else available on the market today, we can now REVERSE (yes that is reverse) the ageing of your skin and take years off your face in a matter of weeks. The Solitone 2500 is a unique skin rejuvenation device that uses light therapy and special currents to turn back the clock on ageing, sun-damaged skin, blemishes, redness, and uneven pigmentation. This multi-platform system features two treatments; the LumiLift® and the LumiFacial®. Simultaneous application of these technologies mutually enhances their individual effectiveness, promoting cellular regeneration from within.

WHAT ALL THAT MEANS - We can wipe away lines, wrinkles, crows feet, lift sagging double chins, smooth your skin and take years off your appearance without needles or surgery!

RESULTS ARE IMMEDIATE.

**Before and after shots.
 Series of 12 treatments (inc. pre-micro)
 on the neck area.
 No needles, no surgery,
 NO LINES LEFT.**
