

The Ultraceuticals A-ZYME Peel

Ultraceuticals revolutionary new A-ZYME peel is exclusive to Absolute Beauty in Launceston. This is not just a fruit acid based peel like very other peel on the market.

Imagine a technologically advanced peel which provides you with real, **VISIBLE** results, without the discomfort normally associated with peels. The new A-ZYME peel combines the fast-acting potent ingredients Retinol and Bromelain to immediately refresh, refine, intensely hydrate and **PLUMP** your skin. The A-ZYME peel uses a *scientifically proven* formula and each peel is *individually* prepared under strict quality controls.

But the exciting thing is what this peel can do for and to your skin. Each individual peel contains two key ingredients, Retinol (1%) and Bromelain (6%). 1% Retinol is scientifically proven to refine and plump the skin, accelerate cell turnover and hydrate your skin. 6% Bromelain will **IMMEDIATELY** improve the visual appearance of your skin by dissolving the bonds between your skins dead skin cells, therefore accelerating the turn over and exfoliation of the skin cells. The action of Bromelain in a 6% preparation can **DELAY** the appearance of wrinkles, even out your skin tone (uneven pigmentation) and dramatically refine and smooth your skin. **AND... It does all this without harming, the younger, living cells of your skin.**

The A-ZYME peel unlike other acid based peels is suitable for all skin types, including sensitive and darker skins. It has been introduced into Australia by Ultraceuticals to benefit skin that suffers from unwanted pigmentation, premature ageing, fine lines, wrinkles, is dry or suffers from acne/scarring.

The A-ZYME peel differs from all other peels on the market as it uses both Retinol & Bromelain to provide dual-action peel with no discomfort. It is the perfect lunch-time peel as there is minimal redness afterwards and no time off work is required. Further, unlike other peels on the market, Bromelain works by enhancing your skins own regenerative capacity and it is not necessary to see peeling for the peel to work and if your skin does peel it will do so in a uniform manner. The most that you *may* see is mild peeling/flaking or slight redness with this A-ZYME peel.

The A-ZYME peel offers *rapid, visible & noticeable* results without the risks of side effects. On a technical side each peel comes individually prepared so we as therapists know there is no loss of potency from shelf storage or air exposure. This guarantees that *every* A-ZYME peel is 1% Retinol and 6% Bromelain. This peel gives exceptional results every time, to every client.

We guarantee that after just your first A-ZYME peel you will NOTICE & love the results.

Cancellation Policy

We do require 24 hours notice to cancel all appointments otherwise a late cancellation fee of 50% of the original service booked may be charged. When you book an appointment with us, unlike other salons, we set that time and therapist aside just for you. We often turn away other clients that are desperate for an appointment because we are fully booked. If you cancel with late notice it inconveniences the many other clients that are on a waiting list to get in.

We in turn will reduce your treatment cost by 50% if we need to cancel your appointment with less than 24 hours notice (due to staff illness etc) - After all, its only fair that we do for you what we ask you to do for us!

Our Guarantee to you...

We always strive to exceed your expectations and offer you the "wow" factor. If you are not completely happy with the service you receive, we will gladly completely redo the service! Simply let us know within 7 days, complete our "Not A Happy Chappy Form" and decide what we can do to make you a "Happy Chappy". Your feedback is important to us and allows us to grow and improve continually. On the other hand if you have received service from a staff member here that you felt gave you the "WOW" factor why not fill out a "Happy Chappy" form so that we can thank them personally for a job well done. Please note due to the nature of treatment specifics this guarantee does not apply to Advanced facial treatments, Solitone 2500 face Lifting Treatments or VPL Permanent Hair Reduction Treatments.

The best Pedi Spas in Tasmania...

Why are our Pedicure Spas pipeless and so much better for you than anything else in Tasmania? Pipeless Technology uses the most advanced technology in the world, protecting your health and hygiene. Many salons use piped pedicure spa chairs, which may not drain completely after use. Water then remains in the pipes between clients, which is a perfect breeding ground for bacteria. In addition this water may contain soap scum, hair, dead skin, body oil and dirt from previous clients. When the spa is refilled some of this already used water returns to the next client. YUK!!! Relax in the knowledge that your health and hygiene is protected here at Absolute Beauty with Pipeless Technology. Oh and at Absolute Beauty each Spa Pedicure room is completely private.
