

Introducing Bondi Bronze by OZTAN. Bondi Bronze by OZTAN is known as the most innovative and natural looking sunless tan on the market today. Our 99% natural based formula enriches your skin with intensive hydrating and skin firming properties. It disguises cellulite, stretch marks and skin blemishes. Even those with fair skin who usually burn can enjoy a rich, sultry bronze colour! At *Absolute Beauty* we will take the time to create a mix of Bondi colour that's perfect for you and your skin. Your skin is hydrated and rejuvenated with radiance boosting power. It is a skin treatment and tan in one!

Only at Absolute Beauty can you expect;

- Expert advice on how to prepare for your tanning session
- A comprehensive consultation and skin analysis prior to your session
- Time, Care, and Attention** to detail when we apply your spray tan (we won't rush you in and out like others)
 - A really great, natural looking tan
- Thorough home care advice to ensure that your tan lasts longer and longer.....
- Private area that is hygienically sanitised in between clients

How Does It Work?

Our state of the art formula is 99% natural based, provides a beautiful sultry bronze colour as well as strengthening and re-inforcing skin tone and elasticity. Containing moisturising macadamia oil, vitamin E, Aloe Vera Gel and Coconut, as well as the antioxidant Vitamin C.

It contains no alcohol, artificial fragrances or other irritating chemicals. The solution is air misted onto your body by our *fully trained staff*. The initial colour is from the bronzer and will wash off after your first shower. The DHA (a derivative of sugar) tan will develop within 8 hours giving you a beautiful natural bronze colour.

How do I prepare;

It is important for you to prepare your skin properly. This is simply done by thoroughly exfoliating and moisturising your face and body the evening prior to your appointment. Hair removal should be performed 24 hours prior. Pay attention to rough areas like the elbows, knees and tops of the feet.

The session?

Wear no moisturiser, deodorant or makeup to your session. Wear loose dark clothing and open toed shoes or thongs. Arrive for your session 5-10 minutes prior to your scheduled time allowing us to perform a thorough consultation and skin analysis with you. Our staff are discreet, friendly and professional and will help you to relax and enjoy the experience. You will be completely dry within minutes of your tan being applied! Most clients choose to wear only their briefs but the choice is yours.

After Care?

- Do not shower for 8-10 hours after your tan.
- Do not undertake activities, which will cause you to perspire excessively.
- Use our SLS free Liquid Body Shampoo (\$19.95) to cleanse your skin daily instead of soap to help to prolong your tan. Avoid activities that naturally exfoliate your skin such as long baths or chlorine pools. After washing pat dry, don't rub.
- Most importantly, moisturise twice a day. Avoid sorbolene and mineral oil based creams as these strip your tan. Try our Body Custard (\$19.95) and our Body Frosting (\$29.95).

How Often Can I Have a Spray Tan?

Your tan should last between 7-10 days depending on your skin type and natural colouring. Some people choose to keep a healthy glow all year round, with the added moisturising benefit of our product, and visit every 10-14 days. At Absolute Beauty we reward your loyalty and you get a great discount when you return within 7-14 days. Return within 7 days and pay just \$19 for your tan. Return within 14 days, but after 7 days and pay just \$28.

Most importantly enjoy the experience with our friendly professional staff, and the youthful healthy look that that we at Absolute Beauty can achieve for you!

If you have any questions at all please feel free to call our friendly receptionist Rosie.
